The following is an examiner's statement of reasons for allowance: "Deformable", like "deformable to the touch" is understood to mean as it is defined at page 15 lines 5-6 of the supporting disclosure with this definition being read in light of the criteria set forth in MPEP 2173. The terminology "high shear" is agreed to have an accepted meaning in the pertinent art field and examiner agrees with applicants' arguments on this point that the term is understood in light of the examples, the overall teaching of the specification, and the requirements of MPEP 2173. Rejections are withdrawn in light of the above remarks and applicants' amendments and remarks.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
